

ACTIVITY PLAN OF VARIOUS CEU'S ON INDIACLEN DAY Dt. 12-9-2012

❖ CEU- IGGMC, NAGPUR

We have planned a series of talks on **Research methodology** as part of the activity for celebrating IndiaCLEN day in order to increase awareness - for the faculty and for the post-graduates of all departments of our institute. I have delivered the the following 2 talks

- 1) Overview of research methodology covering various research designs including what "Clinical Epidemiology" and IndiaCLEN is all about, and
- 2) How to read and interpret a journal article

❖ CEU- CERTC, TRIVANDRUM

India Clen is the Indian counter part of International Clinical Epidemiology Network (INCLLEN) and it is now two decades India Clen got birth in the country. Every year all Clinical Epidemiology Units celebrates the birthday of India Clen with some suitable academic activities. Clinical Epidemiology unit of Trivandrum Medical College is also organizing a talk on 14th September 2012 at CERTC conference hall.

Programme

11.30 to 12.15 - Role of epidemiology tools in clinical research -Dr. Ramdas Pisharody

12.15 to 1 PM- Ethical issues in clinical research- Dr.Narendranathan

1.00 PM : High Tea

Date & Time: 14/09/2012 @ 11.30 PM

Venue: CERTC Conference Hall

❖ CEU- CMC, VELLORE

As part of the IndiaCLEN day we are having a CME/ Talk on "**Decision making using epidemiology**".

The talk will be by Dr JP Muliyl who in addition has also now does daily epidemiology consultations (~5-8/ day).

These two are our new strategies for IndiaCLEN day-though the consultations have been on for 3 weeks

❖ **CEU- KMC, MANIPAL**

We in Manipal chapter of IndiaCLEN will conduct half day CME program on Prevention of child hood pneumonia. On that day we plan to officially **inaugurate our CEU office at Manipal** which is followed by CME

1. Disease Burden of Hib and Pneumococci and common manifestations in Child hood by Dr Pushpa Kini.
 2. Laboratory diagnosis of pneumonia in children present and future by Dr Sugandhi Rao.
 3. Prevention of child hood pneumonia by Dr Suma Nair
- Followed by high tea

❖ **CEU – J.N.Medical College, Aligarh**

We are marking the India CLEN Day in our Institution by organizing the following programme for Post -graduate Students and Para Medical workers:

1. Epidemiology of Malaria made easy: 2-3 group discussions with PG Students and MSW
2. Update on Management of malaria: Presentation by PG students
3. Protocol development for Clinical Trial comparing the safety and efficacy of a new drug with chloroquin tablets

If you have any comments or queries, please do write.
is there a formal format for the **report** writing?

❖ **CEU – KGMC, Lucknow**

KGMC CEU is celebrating IndiaCLEN Day by organizing a lunch meeting of all its faculty.

Message on IndiaCLEN Day

❖ CEU- RIMS, RANCHI

I extend my heartiest complements to IndiaCLEN on the special day which is also very special for me and I forge a strong alliance with IndiaCLEN and I feel proud of my decade old association with the esteemed organization and I wish a very bright future of IndiaCLEN

Dr. Arun Kumar Sharma
Director CEU
